

Specific rules regarding smoking, hazing, and disrespectful behavior on the school bus will be strictly enforced. Each Minuteman driver has been instructed to notify school officials of unruly and uncooperative students. Both parents and students should be aware that they may be under audio and video taped surveillance while riding on Minuteman buses.

After School Buses

After school bus transportation is also provided and subject to the same guidelines. The bus routes for these late runs differ from the regular day runs, so be sure to check the schedule for the stop closest to your home.
