

Minuteman Middlesex Community College Dual Enrollment

Motivated Minuteman students don't have to wait to begin their college experience. In the 2016-2017 school year, Minuteman will be a host site for Middlesex Community College. The Middlesex Dual Enrollment Academy allows qualified students to earn college credit while satisfying their Minuteman graduation requirements. Students may qualify for enrollment in courses that are offered through MCC on-line, during the school day, at night, or on the weekend.

Students may also qualify for enrollment in dual enrollment classes during one of our four summer sessions.

Dual Enrollment courses are well suited for high school students who:

- *Want to take the general education courses that are required by most colleges and universities.*
- *Are seeking enrichment opportunities beyond the classes offered at Minuteman.*
- *Are seeking to distinguish themselves in the competitive college application process by demonstrating success in college courses and/or by demonstrating interest in their identified field of study.*
- *Want to save money on college tuition costs. (Middlesex offers Massachusetts dual enrollment students a reduced tuition rate.)*
- *Want to earn credits that are accepted at Massachusetts state community colleges and universities, as well as some private colleges.*

In order for a student to be eligible to take a course for Middlesex Community College credit during the next school year, s/he must meet the following criteria:

- *Grade Point Average (GPA) of 2.5 for the year prior to taking a dual enrollment course*
- *Passing score on the Accuplacer*
- *92% attendance for the year prior to taking a dual enrollment course*
- *Recommendation of current content teacher*
