KBBA NON-CUSTODIAL PARENTS' RIGHTS

As required by Massachusetts General Law Chapter 71, Section 34H, a non-custodial parent may have access to the child's student record in accordance with law and Department of Elementary and Secondary Education Regulations. The school district will follow the law and the regulations developed by the Massachusetts Department of Elementary and Secondary Education to standardize the process by which public schools provide student records to parents who do not have physical custody of their children ("non-custodial parents").

As required by M.G.L. c.71, § 34H, a non-custodial parent may have access to the student record in accordance with the following provisions.

- a) A non-custodial parent is eligible to obtain access to the student record unless:
 - i) The parent has been denied legal custody based on a threat to the safety of the student or to the custodial parent, or
 - ii) The parent has been denied visitation or has been ordered to supervised visitation, or
 - iii) The parent's access to the student or to the custodial parent has been restricted by a temporary or permanent protective order, unless the protective order (or any subsequent order modifying the protective order) specifically allows access to the information contained in the student record.
- b) The school shall place in the student's record documents indicating that a non-custodial parent's access to the student's record is limited or restricted pursuant to 603 CMR 23.07(5)(a).
- c) In order to obtain access, the non-custodial parent must submit a written request for the student record to the school principal.
- d) Upon receipt of the request the school must immediately notify the custodial parent by certified and first class mail, in English and the primary language of the custodial parent, that it will provide the non-custodial parent with access after 21 days, unless the custodial parent provides the principal with documentation that the non-custodial parent is not eligible to obtain access as set forth in 603 CMR 23.07(5)(a).
- e) The school must delete the electronic and postal address and telephone number of the student and custodial parent from student records provided to non-custodial parents. In addition, such records must be marked to indicate that they shall not be used to enroll the student in another school.

KDDA NEWS MEDIA RELATIONS/NEWS RELEASES

Every effort will be made to assist the press and other communications media to obtain complete and adequate coverage of the programs, problems, planning, and activities of the school.

All representatives of the media will have equal access to information about the school, but must conduct their business in a way that does not disturb the educational process. General releases of interest to the entire community will be made available to all the media simultaneously.

In order that school system publicity is given wide coverage and is coordinated into a common effort and purpose, the following procedures will be followed in giving official information to the news media:

1. The School Committee Chair will be the official spokesman for the Committee, except as this duty is delegated to the Superintendent.
2. News releases that are of a school-wide or a sensitive nature or pertain to established committee policy are the responsibility of the Superintendent.
3. All statements made to the press by other staff members of the school must be cleared with the Principal and approved by the Superintendent.

While it is impossible to know how news releases will be treated by the press, every possible effort should be made to obtain coverage of school activities that will create and maintain a dignified and professionally responsible image for the school district.

KEB PUBLIC COMPLAINTS ABOUT SCHOOL PERSONNEL

Complaints about school personnel will be investigated fully and fairly. However, before any such complaint is investigated, the complainant must submit the complaint in writing.

Whenever a complaint is made directly to the School Committee as a whole or to a Committee member as an individual, it will be referred to the Superintendent for study and possible solution.

The Superintendent will develop, for approval by the Committee, procedures that assure prompt and fair attention to complaints against school personnel. The procedures will require that an employee who is the object of a complaint be informed promptly and be afforded the opportunity to present the facts as he/she sees them. If the complaint is anonymous, the Superintendent will investigate the complaint and report to the School Committee. If an anonymous complaint is about the Superintendent, the School Committee Chairperson will investigate the complaint and report to the School Committee.

If it appears necessary, the administration, the person who made the complaint, or the employee involved may request an executive session of the Committee for a formal hearing and decision. Statutory restrictions on executive sessions will be observed.

KEB-R PUBLIC COMPLAINTS ABOUT SCHOOL PERSONNEL PROCEDURES

The following procedures are established to ensure that a citizen's complaint is given respectful attention and that the integrity of the educational program is upheld. "Complaint" in this regulation will be restricted in meaning to that criticism of particular school employees by a citizen of the School District which includes or implies a request for action by school authorities.

1. If a complaint comes first to the person against whom it is directed, he/she will listen courteously and may try to resolve the difficulty by explaining the background and educational purpose involved. If the complaint remains unsatisfied, the employee will refer him/her to the building Principal or other immediate supervisor to have his/her views considered further. Whether the complaint terminates with the individual staff member involved or seems likely to go further, the staff member will immediately inform his/her supervisor of the complaint.
2. If a complaint comes first to the Assistant Superintendent-Principal or other supervisor of the person criticized, he/she should listen courteously or acknowledge a letter promptly and politely, but should make no commitments, admissions of guilt, or threats. If the complaint involves a particular employee, the supervisor should suggest a conference between the complainant and the person criticized and should inform that person immediately of the complaint.

If the complainant has already met with the person criticized and remains unsatisfied, the supervisor should invite the complainant to file his complaint in writing and offer to send him the appropriate form regarding a school employee's behavior, character or qualifications.

3. If a complaint comes first to any other school employee, that employee will refer the complainant to the person criticized or his immediate supervisor and immediately inform both.
4. No further action on the complaint should be taken unless the complainant submits the complaint in writing.
5. When a written complaint is received, the Assistant Superintendent-Principal or other supervisor will schedule a conference with the complainant, the person criticized, and if

advisable, the department chair or other personnel that either the supervisor or the person criticized feels could contribute resolution of the problem.

6. If the complainant is not satisfied with the results of the conference above, he/she should then be referred to the Superintendent, who may handle the complaint personally or refer it to other personnel, as he/she may see fit.
7. Should dissatisfaction remain after the above steps have been taken, the matter will be placed on the agenda for the next regularly scheduled Committee meeting. The decision of the Committee will be communicated in writing to all interested persons.

KEC PUBLIC COMPLAINTS ABOUT THE CURRICULUM OR INSTRUCTIONAL MATERIALS

The School Committee, though it is ultimately responsible for all curriculum and instructional materials (including library books), recognizes the need and right of students to free access to many different types of books and materials. It also recognizes the right of the professional staff to select books and other materials supportive of the school system's educational philosophy and goals. Criticism of a book or other materials used in the schools may be expected from time to time. In such instances:

1. If a parent requests that his/her own child not read a given book, the teacher and/or appropriate school administrator will attempt to resolve the situation, perhaps by arranging for use of alternative material meeting essentially the same instructional purpose. This does not apply however, to basic program texts and materials.
2. The Committee will not permit any individual or group to exercise censorship over instructional materials and library collections, but recognizes that at times a reevaluation of certain material may be desirable. Should an individual or group ask to have any book or other material withdrawn from school use: The person who objects to the book or other material will be asked to sign a written complaint documenting the criticism. Following receipt of the formal complaint, the Superintendent-Director will provide for a reevaluation of the material in question. The Superintendent-Director will arrange for the appointment of a review committee from among the faculty to consider the complaint.
 - c. The Superintendent will review the complaint and the review committee's reevaluation and will render a decision in the matter. Should the decision be unsatisfactory to the complainant, it may be appealed to the School Committee. The School Committee's decision will be final.

In summary, the School Committee assumes final responsibility for all books and instructional materials it makes available to students; it holds its professional staff accountable for their proper selection. It recognizes rights of individual parents to raise questions about materials used by their own children; it will provide for the reevaluation of materials in library collections upon formal request. On the other hand, students' right to learn and the freedom of teachers to teach will be respected.
